SKILLS

Software Testing

- Manual Testing
- Automated Testing
- API Testing
- Regression Testing
- Functional Testing
- Integration Testing
- User Acceptance Testing (UAT)
- Performance Testing

UI/UX Design

- Figma
- Wireframing
- Prototyping
- User Interface (UI) Design
- User Experience (UX) Best Practices

Collaboration and Communication

- Team Collaboration
- Cross-functional Communication
- Requirement Analysis
- Test Plan Documentation

Problem Solving

- Troubleshooting
- Critical Thinking
- Analytical Skills

PROFILE

Passionate and detail-oriented UI/UX enthusiast with a strong foundation in software testing and user-centered design. As an undergraduate Software Engineering student and ISTQB-certified Software QA, I bring a keen eye for usability, accessibility, and seamless digital experiences. Skilled in collaborating with cross-functional teams to analyze user behavior, identify pain points, and enhance product interactions. Adept at problem-solving with a proactive approach to continuous learning and innovation. Eager to apply my technical expertise and design sensibilities to craft intuitive and engaging user experiences.

WORK EXPERIENCE

Software Tester | TestIO

I successfully tested a variety of projects, including:

- e-commerce websites and apps,
- booking management systems,
- news websites
- ticket booking systems
- entertainment apps

Utilizing a diverse set of testing methods such as user story testing, exploratory testing, bug confirmation testing, bug reproductions, functional testing, and black-box testing, I collaborated effectively with clients to deliver high-quality testing services, contributing to the success of each project.

PROJECT EXPERIENCE

DriveSmart DSMS – Driving School Management System

- Built a JavaFX-based desktop application with a MySQL database.
- Implemented features like student management, employee logins, email automation, and late payment tracking.
- Integrated dark theme UI/UX for a professional and modern look.

Bakery Business App

- Developed a mobile app to track payments and deliveries for a bakery.
- Used React native and SQLite for offline data storage.

TiloAI – Mobile App UI/UX Design

- Designed a mobile app interface for an AI-powered tool in a UI/UX hackathon.
- Focused on modern, intuitive, and user-centric design principles.
- Created wireframes, prototypes, and high-fidelity designs using Figma.
- Prioritized seamless navigation, accessibility, and engaging user interactions.

LMS Design – Learning Management System UI/UX

- Spearheaded the UI/UX design for a comprehensive LMS, focusing on an intuitive and engaging user experience for students, educators, and administrators.
- Developed detailed wireframes, interactive prototypes, and high-fidelity mockups using Figma.
- Emphasized accessibility, responsiveness, and usability to ensure the platform met diverse user needs.

EDUCATION

- **Graduate Diploma in Software Engineering**
 - Institute of Software Engineering (IJSE), 2024-2026
 - Following
 - **Professional Certificate in Software Quality Assurance – Foundation Level**
 - Informatics Institute of Technology (IIT)
 - Successfully completed the foundation-level course in Software Quality Assurance.
 - **Professional Certificate in Java Programming with Object-Oriented**
 - Informatics Institute of Technology (IIT)
 - Successfully completed the certification course for Professional Certificate in Java Programming with Object-Oriented.
 - **ISTQB Certified Tester - Foundation Level (CTFL)**
 - Certification Date: October 2023
 - Score: 85%
 - Attained certification after successfully passing the ISTQB Certified Tester - Foundation Level exam.
 - **Software Testing and Automation Specialization**
 - Coursera, conducted by University of Minnesota
 - Completed the specialized certification course in Software Testing and Automation.
 - **Agile with Atlassian Jira Certification Course**
 - Coursera, conducted by Atlassian University
 - Successfully completed the Agile with Atlassian Jira Certification Course.
 - **Meta AR Developer Certification Course**
 - Coursera, conducted by Meta
 - Successfully completed the certification course in Meta AR Development.
 - **Trainee-Full Stack Developer Certification Course**
 - University of Moratuwa
 - Currently enrolled in the certification course for Trainee-Full Stack Developer.
 - **Fundamentals of Digital Marketing Certification Course**
 - Google Digital Garage
 - Successfully completed the Fundamentals of Digital Marketing Certification Course.
 - **Nalanda College Colombo 10 (2013 - 2021)**
 - GCE A/L Examination (2022)
 - GCE O/L Examination (2018)
-
